MEMO TO FILE

August 1, 2022

To whom it may concern,

Mountain Line has closed RFB 2022-280, Bulk Fuel, without award. The procurement was closed July 20, 2022, with two bids. As per procedure, staff reached out to other vendors on the list that the RFB was released to in order to inquire why they opted not to bid; several responded that they had not received the solicitation. Due to this, in the interest of fair and open competition, an updated RFB will be released. Vendors who submitted bids to the original RFB are encouraged to submit bids.

Please contact the Mountain Line procurement department at purchasing@mountainline.az.gov with any questions.

Sincerely,

Heather Higgins
Purchasing and Contracts Officer, DBELO, DPPA
