Because these projects are funded through an FTA federal grant, they must conform to federal, state and local design and accessibility standards. Proposers should be aware that all federal regulations and certifications that apply to federally funded design and construction projects generally apply to the design and construction of these projects.

### **FMLM Projects**

A program of projects for the FMLM grant was identified during the City planning process for the draft Active Transportation Master Plan ([www.flagstaff.az.gov/atmp](http://www.flagstaff.az.gov/atmp)). FMLM projects, which are described in Exhibit A, generally include missing sidewalk segments, enhanced at-grade pedestrian crossings, and bikeway enhancements.

To qualify for FTA grant funding, FMLM projects must be located within existing rights-of-way and comply with the requirements of a NEPA Categorical Exclusion. Projects must also be proximate to transit stops – within one-half mile for pedestrian projects and three miles for bicycle projects – to qualify for use of the funds. Projects identified in Exhibit A are thought to be within the right-of-way and anticipated to qualify for a Categorical Exclusion; however, the selected DP will be tasked with providing further recommendation as to being located in the right of way as part of preliminary design.

## **SECTION V – SCOPE OF SERVICES**

The scope of services for this project is divided into two task orders: 15 percent concept designs and final design as described below.

This component includes preparation of 15 percent concept designs and an initial assessment for a broad range of projects. This work is intended to provide some basic design and layout information about the projects and to serve as an evaluation of their feasibility and constructability. - Develop concept level cost estimates for each project
- Research and evaluate available right-of-way and confirm recommended improvements are located within right-of-way
- Identify potential utility conflicts
- Prepare a traffic statement and crossing warrants
- Coordinate with ADOT for projects in ADOT ROW
- Conduct a preliminary feasibility and constructability analysis

- Provide recommendations for bundling projects for final design and construction

## **Task Order 2: Final Design**

The second task order covers completion of final plans, specifications, and estimates (PS&Es) in accordance with City of Flagstaff, and in a few cases Arizona Department of Transportation (ADOT) standards, specifications, and jurisdictional requirements. Task orders in the final design phase will be issued for individual projects or bundles of projects as defined in the 15 percent concept design phase. Work items in this task order may include

- Conduct a kick-off meeting with stakeholders
- Coordinate with franchise utilities
- Guide the project through applicable internal City development review processes
- Assist the City with preparation of a community outreach strategy
- Prepare final construction PS&Es, with deliverables at 30%, 60%, 90% and final-100%
- Develop engineers cost estimates at 30% and 90%
- Obtain approval of civil construction plans and public improvement permits in compliance with applicable City processes
- Obtain approval of an ADOT encroachment permit for projects with ADOT right-of-way
- Attend regular project management meetings with City and Mountain Line to monitor progress and budget
- Participate in the CMAR selection, design, and construction process
- Provide ADEQ deliverables and obtain approval for ADEQ, if required

The successful Respondent shall execute and return to Mountain Line System all copies of the contract documents within ten (10) days after receipt of the contract documents. Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
- I am a U.S. person (including a U.S. resident alien).

**Certification instructions.** You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. #### Purpose of Form

A person who is required to file an information return with the IRS, must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

**U.S. person.** Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued).
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee.

In 3 above, if applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

**Note.** If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

For federal tax purposes, you are considered a person if you are:

- An individual who is a citizen or resident of the United States,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States, or
- Any estate (other than a foreign estate) or trust. See Regulations sections 301.7701-6(a) and 7(a) for additional information.

**Special rules for partnerships.** Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,
