5. A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror non-responsible.
6. 7. The certification in paragraph 1 above is a material representation of fact upon which reliance was placed when making award. Mountain Line shall be included as additional insured under such insurance.

B. Mountain Line and Contractor waive all rights against each other and against Mountain Line and

the Partners for damages caused by fire or other perils covered by Contractor's Risk or any other property insurance, except such rights as they may have to the proceeds of such insurance. Such insurance may be subject to an amount deductible from the sums otherwise payable thereunder and the burden of such deduction shall be borne by the party receiving the direct benefit of such insurance.

- C. Any additional provisions specific to the Project are attached. In the event of any conflict between the attached terms and the terms of this Exhibit, the Contractor shall comply with the more stringent provisions.
