Bus **ADVERTISING** with **Mountain Line**

Bus advertising is recognized as one of the most effective forms of outdoor advertising. Used by both local and national advertisers, bus advertising can be tailored to fit almost any budget.

Why Advertise on Buses?

Buses are moving billboards – circulating in the busiest areas of the city. Bus advertising offers exposure to local commuters, drivers and pedestrians. These ‘moving billboards’ are typically displayed on the exterior of the bus and come in a variety of sizes, and high-impact formats to reach your audience. Buses go, where people go!

Continuous Exposure:

Bus ads move throughout residential and core business areas, delivering your message throughout the marketplace all day, every day. This continuity builds familiarity with your brand (Branding), so customers will think of you when making purchasing decisions. Bus ads are great for branding campaigns (which typically run for at least one year), as they are seen by pedestrians and vehicular traffic from multiple directions.

Receive exposure where other out-of-home advertising may be prohibited – ***There are no billboards, or bus stop advertising in the city of Flagstaff.***
