SECTION IV – PROJECT DESCRIPTION

Northern Arizona Intergovernmental Public Transportation ("Mountain Line") is the public transit agency serving the Flagstaff area with a fleet storage, maintenance and administration facility located on Kaspar Drive, Flagstaff, Arizona.

In November 2022, the Mountain Line Board of Directors adopted the Kaspar Headquarters Master Plan (KHMP) which outlined a long-term plan to maximize fleet storage capacity and maintenance uses at Kaspar Headquarters to accommodate Mountain Line's growth as a regional transportation provider. The existing Kaspar facilities are currently at capacity for fleet storage, maintenance, and administration services to support current transit service levels. The KHMP identified two phases: Phase 1 to construct a new maintenance facility and Phase 2, anticipated for after 2027, to construct a new bus storage facility.

Phase 1 will demolition Shop 0 and construct a new 27,0000 SF maintenance facility, utilities, storm drain infrastructure, paving and site improvements associated with the new facility. The new maintenance facility will provide five maintenance bays and one chassis wash bay, a mezzanine level for support equipment, and rooftop parking with overhead solar panels. The sustainability goal for the project is to meet the Coconino County Sustainable Building Program (CCSBP) Gold.

Programming and conceptual design have been completed; the concept package is currently in review with the City of Flagstaff. Respondents should reference Exhibit A for the Basis of Design report which includes the concept plan package and floor plans in Appendix C.

The Maintenance Project is funded by Federal Transit Administration (FTA) grants and the project must conform to federal, state, and local design and accessibility standards. Proposers should be aware that federal regulations and certifications apply for Davis-Bacon Act and other labor standards, DBE, ADA, Civil Rights, Seismic Safety and Build America Buy America (BABA). Deficient	0	Will not meet minimum needs.

3. Response Evaluation Process:

- A. Selection Committee: An appropriately qualified Selection Committee shall evaluate the responses and performance data that are submitted in response to the RFP for the proposed contract.
 - 1) The Selection Committee will evaluate the Responses submitted in response to this RFP. The evaluation will be to determine the qualifications of each Respondent to perform the Services under this RFP based on the selection criteria listed herein.

- 2) In making its determination, the Selection Committee will evaluate the Response, client references, interviews (for Respondents on the short list only), and additional information received or obtained by the Selection Committee. The Committee may request or obtain additional information at any time during the selection process through interviews, presentations, correspondence, and visitation of completed projects or otherwise.
 - 3) During the selection process, Mountain Line will evaluate each Response to determine which Respondent (if any) is best qualified to perform the required Services and can provide the experience specified in this RFP.
- B. Short List: In order of preference, based on criteria established by the Selection Committee and included in the RFP, a short list of no more than three (3) Respondents deemed to be the most qualified to provide the Services by the Selection Committee will be established. Notwithstanding the presumptive limit of three (3) Respondents on the short list, in the event that the scores for more than three of the highest scoring Responses are within ten percent (10%) of one another, the short list will be comprised of all such Respondents.
- C. Team Oral Presentation/Interview: The Selection Committee will interview each Respondent on the short list so that they may present their credentials, comparable past work and any ideas they wish to share with the Selection Committee.
- 1) A letter invitation will be sent via email to each interviewed Respondent with the specific evaluation and scoring criteria along with the time, date and location of the interview; Respondents who are invited to attend the interview will not be given access to the conference room prior to the interview.
 - 2) The order in which the Respondents appear before the Selection Committee will be determined by lottery.
 - 3) The team will have thirty (30) minutes to present to the Selection Committee their firms qualifications. The roundtable discussion will last sixty (60) minutes for questions and discussion between the Committee and the Respondent. It is the responsibility of the Selection Committee to develop an agenda for this part of the interview. The time limits will be strictly enforced.
 - 4) No more than six (6) representatives of the Respondent's team may be present (this includes presentation operators if needed). The prospective key personnel for the Project must be present. Only the individuals proposed for the project team are allowed. Individuals other than the project team will not be allowed in the interviews; absolutely no exceptions.
- D. Shortlisted Respondents Evaluation: The Evaluation Committee will evaluate finalist Respondents after the oral presentations/interviews based on the criteria described below. Mountain Line reserves the right to request additional information from Respondents prior to final selection, and to consider information about the Respondents other than that submitted in the Response.
- 1) Finalist Respondents Team Interview (Maximum 40 Points): Mountain Line may provide interview questions in advance to Respondents. Mountain Line's Selection Committee will evaluate interviews based on the team's responses to questions, ability to effectively communicate, and the Committee's assessment of the team's ability to

work successfully with each other and Mountain Line staff. Mountain Line may also ask Respondents to submit written responses to some questions in advance of the interviews.

- 2) **Strategic Fit (Maximum 60 Points):** Mountain Line will evaluate proposed solutions based on overall best fit with Mountain Line's goals and objectives. The Committee will consider solution simplicity, overall alignment with the requirements set forth in the RFP, as well as compliance with contract terms and conditions and any and all additional findings from Mountain Line's due diligence process.
- E. **Ranking:** After the interviews the Selection Committee will select the three (3) Respondents deemed to be the most qualified to provide the Services stated herein and will rank the three (3) selected Respondents in order of preference.
- F. **Negotiation:** Mountain Line shall enter into negotiations for a contract with the highest qualified Respondent on the short list for the Services.  - 2) If Mountain Line is unable to negotiate a satisfactory agreement with the highest-ranked Respondent, at a price and with terms which Mountain Line determines to be fair and reasonable, negotiations with that Respondent will be formally terminated.
 - 3) Mountain Line may then undertake negotiations with the next highest-ranked Respondent in sequence until an agreement is reached, or determine to reject all Submittals and re-solicit the RFP, or use another selection process that Mountain Line deems prudent.
 - 4) Respondents that are unable to accommodate Mountain Line regarding acceptable fees and/or costs will not be allowed an opportunity to resubmit fees and/or costs once they have been released from negotiations.
5. **Notice of Intent to Award:** The next step will be for Mountain Line to issue a Notice of Intent to Award, and if applicable notices of the intent not to award at all or to some Respondents. Mountain Line reserves the right to cancel this RFP, to reject any or all Responses, and to waive or decline to waive any irregularities in any submitted Responses, or to withhold the award for any reason it may determine in the best interest of Mountain Line.
6. **Delivery of Insurance Policies or Certificates and Execution of Contract Documents:** Within ten (10) days of receipt of notice of intent to award, the successful Respondent shall deliver to Mountain Line the required insurance policies or certificates in a form satisfactory to Mountain Line. Policies or Certificates must reference Mountain Line Project Number and Mountain Line Project Name with the original submission and with each and every updated submission thereafter. Failure to do so may result in rejection of the successful Respondent's Response and withdrawal of the Notice of Intent to Award. Promptly after Mountain Line receives satisfactory insurance policies or certificates Mountain Line will deliver to the successful Respondent two (2) duplicated originals of the form of contract documents to be executed by the successful Respondent. The successful Respondent shall execute and return to Mountain Line all copies of the contract documents within ten (10) days after receipt of the contract documents. Failure to return the executed copies of the contract documents may result in rejection of the successful Respondent's Response and withdrawal of the Notice of Intent to Award.

- 7. Changes in Respondent Organization:** In order for a Respondent to remain qualified for award under this RFP after it has been shortlisted, unless otherwise approved in writing by Mountain Line, the Respondent's organization as identified in its Response must remain intact for the duration of the procurement process. If a Respondent wishes to make changes in the Respondent Team Members or Key Personnel identified in its Response, including, without limitation, additions, deletions, reorganizations and/or role changes, the Respondent shall submit to Mountain Line a written request for approval of the change. Any such request shall be addressed to Mountain Line's designated point-of-contact for this RFP. If a request is made from a Respondent to allow the deletion or role change of any Respondent Team Member or Key Personnel identified in its Response, the Respondent shall submit such information as may be required by Mountain Line to demonstrate that the changed Team Member meets the RFP criteria. Mountain Line is under no obligation to approve such requests and may approve or disapprove an entire request, or any portion of a request, in its sole discretion.

Purpose of Form

A person who is required to file an information return with the IRS, must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

U.S. person. Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee.

In 3 above, if applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

For federal tax purposes, you are considered a person if you are:

- An individual who is a citizen or resident of the United States,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States, or
- Any estate (other than a foreign estate) or trust. See Regulations sections 301.7701-6(a) and 7(a) for additional information.

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,
