- 2. **Mandatory Compliance:** This is a compliance section and carries no evaluation points. Respondents must meet minimum criteria as specified to receive further consideration.

A. Professional Standing

- 1) The Arizona Corporation Commission shall properly have certified the Respondent for corporation and limited liability companies.
- 2) The lead professional must be properly registered, licensed and certified at the time of submission, if required.
- 3) The Respondent must have been in continuous business for a minimum of five years.

2. Copies of audited financial statements are not required with the Submittal. Prior to the final selection, Mountain Line reserves the right to require a Respondent to provide a copy of the Respondent's financial statements for the previous two fiscal years.
3. Mountain Line reserves the right to make such additional investigations as it deems necessary to establish the competence and financial stability of any Respondent submitting a Response.

3. Evaluation Criteria for Responses and Scoring: This is an evaluation section which establishes criteria and the associated total potential points for each category.

Max points * Quality Level = Score

| Evaluation Factors | Max Points | Quality Level | Score |
|--|-------------------|----------------------|--------------|
| Ease of use of the user interface | 20 | | |
| Meets all or some of the preferred options | 20 | | |
| Reliability and durability; product lifespan, warranty period, expected operational life | 20 | | |
| Scalability and upgradability | 20 | | |
| Price | 10 | | |
| Past Performance Survey (3 minimum) | 10 | | |
| TOTAL POSSIBLE | | | 100 |

Quality Level will be based on the following scoring method:

| Quality Level | Points | Description |
|---------------|--------|--|
| Excellent | 100% | Meets all requirements. |
| Good | 75% | Meets all requirements; strengths and weaknesses, if any, tend to offset one another equally. |
| Fair | 50% | Does not meet all requirements; strengths and weaknesses do not offset one another equally. |
| Poor | 25% | Serious doubt exists about ability to meet needs but may be sufficient; significant weaknesses without offsetting strengths. |
| Deficient | 0 | Will not meet minimum needs. |

4. Response Evaluation Process:

- A. Selection Committee: An appropriately qualified Selection Committee shall evaluate the responses and performance data that are submitted in response to the RFP for the proposed contract.
- 1) The Selection Committee will evaluate the Responses submitted in response to this RFP. The evaluation will be to determine the qualifications of each Respondent to perform the Services under this RFP based on the selection criteria listed herein.
 - 2) In making its determination, the Selection Committee will evaluate the Response, client references, interviews (for Respondents on the short-list only), and additional information received or obtained by the Selection Committee. The Committee may request or obtain additional information at any time during the selection process through interviews, presentations, correspondence, and visitation of completed projects or otherwise.
 - 3) During the selection process, Mountain Line will evaluate each Response to determine which Respondent (if any) is best qualified to perform the required Services and can provide the experience specified in this RFP.
- B. Short List: In order of preference, based on criteria established by the Selection Committee and included in the RFP, a short list of no more than three (3) Respondents deemed to be the most qualified to provide the Services by the Selection Committee will be established. Notwithstanding the presumptive limit of three (3) Respondents on the short list, in the event that the scores for more than three of the highest scoring Responses are within ten percent (10%) of one another, the short list will be comprised of all such Respondents.
- C. Team Oral Presentation/Interview: The Selection Committee will interview each Respondent on the short list so that they may present their credentials, comparable past work, and any ideas they wish to share with the Selection Committee.
- 1) A letter invitation will be sent via email to each interviewed Respondent with the specific evaluation and scoring criteria along with the time, date and location of the interview; Respondents who are invited to attend the interview will not be given access to the conference room prior to the interview.
 - 2) The order in which the Respondents appear before the Selection Committee will be determined by lottery.
 - 3) The team will have thirty (30) minutes to present to the Selection Committee their firm's qualifications. The roundtable discussion will last sixty (60) minutes for questions and

discussion between the Committee and the Respondent. It is the responsibility of the Selection Committee to develop an agenda for this part of the interview. The time limits will be strictly enforced.

- 4) No more than six (6) representatives of the Respondent's team may be present (this includes presentation operators if needed). The prospective key personnel for the Project must be present. Only the individuals proposed for the project team are allowed. Individuals other than the project team will not be allowed in the interviews; absolutely no exceptions.
- D. Shortlisted Respondents Evaluation: The Evaluation Committee will evaluate finalist Respondents after the oral presentations/interviews based on the criteria described below. Mountain Line reserves the right to request additional information from Respondents prior to final selection, and to consider information about the Respondents other than that submitted in the Response.
- 1) Finalist Respondents Team Interview (Maximum 40 Points): Mountain Line may provide interview questions in advance to Respondents. Mountain Line' Selection Committee will evaluate interviews based on the team's responses to questions, ability to effectively communicate, and the Committee's assessment of the team's ability to work successfully with each other and Mountain Line staff. Mountain Line may also ask Respondents to submit written responses to some questions in advance of the interviews.
 - 2) Strategic Fit (Maximum 60 Points): Mountain Line will evaluate proposed solutions based on overall best fit with Mountain Line goals and objectives. The Committee will consider solution simplicity, overall alignment with the requirements set forth in the RFP, as well as compliance with contract terms and conditions and any and all additional findings from Mountain Line' due diligence process.
- E. Ranking: After the interviews the Selection Committee will select the three (3) Respondents deemed to be the most qualified to provide the Services stated herein and will rank the three (3) selected Respondents in order of preference.
- F. Negotiation: Mountain Line shall enter into negotiations for a contract with the highest qualified Respondent on the short list for the Services. The negotiations shall include consideration of compensation and other contract terms that Mountain Line determines to be fair and reasonable. In making this decision, Mountain Line shall take into account the estimated value, the scope, the complexity, and the nature of the Services to be rendered.
- 1) If negotiations are successful, Mountain Line will request approval from Mountain Line Board of Directors to execute Mountain Line' standard contract for the Services.
 - 2) If Mountain Line is unable to negotiate a satisfactory agreement with the highest-ranked Respondent, at a price and with terms which Mountain Line determines to be fair and reasonable, negotiations with that Respondent will be formally terminated.
 - 3) Mountain Line may then undertake negotiations with the next highest-ranked Respondent in sequence until an agreement is reached or determine to reject all Submittals and re-solicit the RFP or use another selection process that Mountain Line deems prudent.

Respondents that are unable to accommodate Mountain Line regarding acceptable fees and/or costs will not be allowed an opportunity to resubmit fees and/or costs once they have been released from negotiations.

5. Notice of Intent to Award: The next step will be for Mountain Line to issue a Notice of Intent to Award, and if applicable notices of the intent not to award at all or to some Respondents. Mountain Line reserves the right to cancel this RFP, to reject any or all Responses, and to waive or decline to

waive any irregularities in any submitted Responses, or to withhold the award for any reason it may determine in the best interest of Mountain Line.

6. Delivery of Insurance Policies or Certificates and Execution of Contract Documents:

Within ten (10) days of receipt of notice of intent to award, the successful Respondent shall deliver to Mountain Line the required insurance policies or certificates in a form satisfactory to Mountain Line. Policies or Certificates must reference Mountain Line Project Number and Mountain Line Project Name with the original submission and with each and every updated submission thereafter. Failure to do so may result in rejection of the successful Respondent's Response and withdrawal of the Notice of Intent to Award. Promptly after Mountain Line receives satisfactory insurance policies or certificates Mountain Line will deliver to the successful Respondent two (2) duplicated originals of the form of contract documents to be executed by the successful Respondent. The successful Respondent shall execute and return to Mountain Line System all copies of the contract documents within ten (10) days after receipt of the contract documents. Failure to return the executed copies of the contract documents may result in rejection of the successful Respondent's Response and withdrawal of the Notice of Intent to Award.

7. Changes in Respondent Organization: In order for a Respondent to remain qualified for award under this RFP after it has been shortlisted, unless otherwise approved in writing by Mountain Line, the Respondent's organization as identified in its Response must remain intact for the duration of the procurement process. If a Respondent wishes to make changes in the Respondent Team Members or Key Personnel identified in its Response, including, without limitation, additions, deletions, reorganizations and/or role changes, the Respondent shall submit to Mountain Line a written request for approval of the change. Any such request shall be addressed to Mountain Line's designated point-of-contact for this RFP. If a request is made from a Respondent to allow the deletion or role change of any Respondent Team Member or Key Personnel identified in its Response, the Respondent shall submit such information as may be required by Mountain Line to demonstrate that the changed Team Member meets the RFP criteria. Mountain Line is under no obligation to approve such requests and may approve or disapprove an entire request, or any portion of a request, in its sole discretion.

SECTION VII: AWARD

This is a one-step competition. The successful Respondent, if any, will be selected and recommended by the Selection Committee to the appropriate Mountain Line Officer and/or Mountain Line Board of Directors for Award. Any Contract resulting from this RFP will be awarded consistent with the appropriate Mountain Line authority as approved by the Board of Directors, Mountain Line's Purchasing Policy and requirements, and applicable statutes. No contract shall exist until the final written Contract is properly and formally approved for Award and fully executed by the Respondent and the properly authorized Mountain Line signatory.
