HOW TO RIDE

Route Identification

All buses have destination signs on the front that display the route number and destination of the bus (Example: 2 Downtown). Read the signs carefully to ensure you are boarding the correct bus. Route information is also announced audibly from each bus.

Passenger Boarding and Alighting

Mountain Line buses only stop at signed bus stops to allow passengers to board or exit. Bus stops are identified with a sign and buses will only service a stop if a passenger is waiting or has requested to exit. Passengers must inform the driver that they want to exit at least one block before their desired stop by pulling the yellow cord. For safety reasons, once a bus is in motion, it will not stop until the next requested stop location.

Be at your stop 3-5 minutes prior to the scheduled departure time, as buses cannot wait for riders who are not at the stop and prepared to board. Passengers must be able to board in one action, meaning that all packages must be carried on at the same time and service cannot be delayed due to excessive packages. Please be seated promptly or hold on to stanchions.

BIKES

All Mountain Line buses are equipped with bike racks to accommodate three bikes on a first-come, first-served basis. Tips for a successful bike and bus ride:

- Passengers are responsible for loading and unloading their own bikes, and refolding the bike rack if they are removing the last bike.
- Bikes ride free when accompanied by a fare-paying passenger.
- Remove bulky items from your bike before boarding the bus.
- When exiting the bus, inform the driver that you’re removing a bike.

Squeeze and hold the release handle located on the top of the bike rack, then lower the rack until horizontal.

Load your bike into one of the bike slots.

Grasp arm support.

Extend the wheel lock over the front tire.

Wheelchair and Mobility-Impaired Access

All Mountain Line buses are equipped with a wheelchair access ramp, and an area where wheelchairs can be safely secured. On request, drivers can “kneel” the bus to minimize the step up onto the bus or deploy the ramp. Personal Care Attendants accompanying a passenger with disabilities may ride without charge.

PLANIFICACIÓN DE VIAJE

Desde la página de inicio de Mountain Line puede utilizar la función Google Transit para planificar su viaje en autobús. Introduzca un punto de partida y el destino deseado, junto con la hora a la que necesita llegar o cuánto está dispuesto a caminar hasta una parada de autobús, y el planificador de viaje le proporcionará opciones paso a paso. Para obtener más información y para ver un mapa en vivo de la ruta, visite mountainline.az.gov.

CÓMO VIAJAR

Identificación de Ruta

Todos los autobuses tienen indicadores de destino en la parte frontal que muestran el número de ruta y el destino del autobús (ejemplo: 2 centro de la ciudad). Lea las indicaciones cuidadosamente para asegurarse de que aborde el autobús correcto.

Embarque y Desembarque de pasajeros

Los autobuses de Mountain Line sólo se detienen en paradas asignadas para permitir pasajeros abordar o bajar. Las paradas de autobús se identifican con un letrero, y los autobuses solo se detendrán en una parada si un pasajero esta esperando o ha solicitado bajar. Los pasajeros deben informar al conductor que quieren bajar por lo menos una cuadra antes de su parada deseada tirando del cordón situado por encima de las ventanas. Por razones de seguridad, una vez que el autobús esté en movimiento, no parará hasta la siguiente parada solicitada.

Asegúrese de estar en la parada deseada de 3-5 minutos antes de el tiempo asignado de parada ya que el autobús no podrá esperar a pasajeros que no estén en la parada preparados para abordar. Los pasajeros deben poder abordar de una sola vez, lo que quiere decir que cada accesorio/equipaje debe cargarse al subir ya que este servicio no se puede atrasar por excesivo equipaje. Por favor esté sentado de manera puntual.

BICICLETAS

Todos los autobuses de Mountain Line están equipados con bastidores de bicicletas para alojar tres bicicletas en orden de llegada. Consejos para un exitoso viaje de bicicleta y autobús:

- Los pasajeros son responsables de bajar el bastidor de bicicletas y montar, asegurar y quitar la bicicleta del autobús, y de replegar el bastidor de bicicletas.
- Las bicicletas se transportan sin cargo cuando están acompañadas por un cliente que pagó la tarifa.
- Quite los objetos voluminosos de su bicicleta antes de subir al autobús.
- Cuando baje del autobús, infórmele al conductor que quitará su bicicleta.

Apriete y mantenga la palanca en la parte superior del estante de la bicicleta, luego baje el bastidor.

Coloque su bicicleta en una de las ranuras del bastidor.

Agarre el brazo del soporte.

Extienda la palanca de freno sobre la rueda delantera.

Acceso para sillas de ruedas y personas con movilidad reducida

Todos los autobuses de Mountain Line están equipados con una rampa de acceso para sillas de ruedas y un área donde las sillas de ruedas pueden ser aseguradas sin peligro. Si se solicita, los conductores pueden «bajar» el autobús para minimizar el escalón de subida al autobús o desplegar la rampa. Los asistentes de cuidado personal que acompañan a un pasajero con una discapacidad pueden viajar sin cargo.

HOW TO READ A ROUTE MAP & TIMETABLE

All fixed routes have a schedule (timetable) and route map. The route maps show every stop along the route. However, the timetable doesn't list a time for every stop. Departure times at stops not listed can be estimated by looking at the times listed for the stops prior to and after that specific stop. For more accurate departure times, use the [Transit](#) app or visit mountainline.az.gov.

To find the estimated time a bus stops at a specific stop, find that stop on the timetable. Reading across the row (left to right) tells you the estimated time required for a specific bus to travel between stop locations. Reading down a column tells you the times a bus departs at this specific location throughout the day.

CÓMO LEER UN MAPA DE RUTA Y HORARIO

Todas las rutas fijas tienen un horario y mapa de la ruta. El mapa de la ruta representa cada parada a lo largo de la ruta. Sin embargo, el horario no lista la hora de cada parada. Los tiempos de salida de las paradas que no aparecen en la lista se pueden estimar mirando los horarios de la parada antes y después de esa parada específica. Para lver horarios de salida más precisos use la aplicación de [Transit](#) o visite mountainline.az.gov.

Para encontrar la hora estimada a la que un autobús se detiene en una parada específica, encuentre esa parada en el horario. La fila (de izquierda a derecha) indica el tiempo estimado necesario para que un autobús específico viaje entre dos paradas. La columna columna le indica los tiempos de salida de autobús en esta ubicación específica a lo largo del día. A menos que se indique lo contrario, todos los horarios indicados son los horarios de salida.

Reading down a column tells you the time a bus departs this specific location.
